Two Men Died In Hamlin This Week, From Bullets

A Colored Man Shot Ten Days Ago Died Sunday Night.

Bud Ervin Died Monday Afternoon From Shots Fired By Jess Miller

It is always unpleasant for a newspaper to report tragedy, especially a weekly paper in a community where everybody knows everybody else and information goes on the wings of hear-say and this and that. And that's what Hamlin is up against this week.

Bud Ervin, the son of Thomas E. Ervin, of this city, died suddenly at the hands of Jess Miller, when he was shot with a .38 automatic pistol about 1:30 P. M. Monday.

The details of the killing as far we can get it, is that Jess Miller, a man well known in this community, was in the small garage or shop just south of the White Service Station on the Hamlin-Stamford Highway, in the edge of Hamlin, and that between 12 and one P. M. Monday Bud Ervin came in, in company with Mr. Riddle for whom he had been working in the mattress factory. At once the shooting began, according to reports, and three shots were fired within the shop and one outside, three striking the man. He died without speaking.

Miller soon surrendered his gun to City Marshal Jack Miles.

Officials at Anson were notified and Deputy Sheriff Dunwoody and County Attorney Gilbert Smith came at once. The coroner's inquest for Ervin was held by Justice of the Peace, Grogan W. Turner and the verdict was "death by gun wounds at the hands of Jess Miller."

Bond was set for the defendant at \$3,000. His case will likely come up at the January term of District Court.

Bud Ervin was not as well known in Hamlin community as Jess Miller. But information is that he had been married but not living with his wife and two children. The father of the deceased is quite well known in Hamlin, as Grandpa T. E. Ervin.

Jess Miller has lived in this section for perhaps over 25 years. He was married to Miss Vrilla Fannin, a daughter of L. F. Fannin, well known section foreman on the Santa Fe, formerly at Pastura, McCaulley and now at Odell, Texas. Mr. Miller and his wife were separated and divorce proceedings were under way. There are three children in this family, all girls, ages 11, 14, and 15.

Funeral services were held for the deceased, at 2:30 Thursday afternoon. The body was in charge of the Barrow Company and interment was in East Cemetery.

COLORED MAN DIED FROM PISTOL WOUNDS TWO WEEKS AGO

This Friday night, two weeks ago, a shooting took place in the negro section in east Hamlin, and one man was struck four times, out of six shots fired at him.

HIGHWAY NORTH GETTING TOPPED

Perhaps nothing in recent years has been observed in Hamlin with so much delight as that which was seen Tuesday afternoon—stakes all set out in a perfectly straight line, beginning at the paving on Central Avenue—junction with the Hamlin-Stamford Highway, and extending north towards the Katy. Yes, for more than 23 years the old-time citizens of Hamlin have longed to see that part of Hamlin's long, wide, city street become paved. It now looks like a dream come true.

Highway No. 4 splits Hamlin right through the center of its business section and almost as straight as a "bee-line" north for the Brazos River crossing—a crossing that has for all time been a pain in the minds of travel into Stonewall County—but that pain is about over. A big strong beautiful concrete bridge now spans the stream that has baffled engineers all these years. As the bridge nears completion, the Highway Department realizing that it's time to make the highway all-weather from Hamlin north, is starting the hardsurfacing program.

The part especially in mind now is the Jones County four miles from the Hamlin "junction point" to the Fisher County line. And why the Fisher County line? Some will ask if Fisher County lies between Jones and Stonewall. It does NOT. The first road surveyed to the River "curved" around the Fisher County corner, and was fenced and graded. But the Highway Department has a way of changing its mind. A good deal of the old route was changed and after leaving the city limits, the road now heads straight, almost, to the river—in doing this it cuts off a little better than a mile of the corner of Fisher County. Hence from Hamlin to Aspermont there is really three counties to consider. But in these days of State funding coupled with National co-operation, counties have but little to do with it. Probably the right of way is the county's part.

The work now starting which spells "finis" for completion of No. 4, is what tingles the toes of Hamlin people. It will mean more to the comfort, the appearance and progress than any other improvement, possible right now. No. 4 Highway should have extensive travel in 1936. It is a straight road from the north to Laredo, into Mexico City. That's some road too.

The new work starting is a PWA project, which means that the State and Federal Government is footing the bill and the work is being done under the direction of the Highway Department.

Here's hoping that No. 4 will be finished entirely north before next June.

Supt. and Mrs. C. G. Green and Mr. and Mrs. J. E. Moody, Miss Mary Beth Moody and Mr. Ray Willingham Jr., were in Fort Worth to see the big football game between Southern Methodist University and Texas Christian University.

CHRISTMAS SPIRIT TO BE MANIFESTED AT HIGH SCHOOL

"CHRISTMASTIDE," a four-act operetta, is to be presented Thursday evening, December 12, at the High School auditorium by the pupils and faculty of the Grammar school.

This operetta presents both sides Christmas—the jolly and the holy—in a way that will interest the young and the old.

Come out to the High School auditorium next Thursday evening at 7:30 o'clock and enjoy this entertainment! It will help you get that old time Christmas spirit.

Admission — all school children, 10c—Adults, 25c.

COLLEGE STUDENTS HOME FOR THANKSGIVING

College students who returned home to spend the Thanksgiving holidays were J. C. Turner, Marvin York and Ray Willingham Jr., of Baylor University; Carroll Benson, Hardin-Simmons University; Delma Shelburne and Warren Nobles, of Texas Tech; Miss Ethelyn Allen, of Texas State College for Women; Miss Marjorie O'Donnell, of Texas University and Miss Louise Reynolds, of Abilene Christian College.

W. E. Benson, Secretary Hamlin Senior Warden, and J. Otis Hopper, Masonic Lodge, Richard Lehman, Junior Warden, left Wednesday for Waco to attend the 100th annual grand communication of the Grand Lodge of Texas. Yes, 100 years of Masonic progress in the new land of Texas—really the Centennial celebration begins—as Texas herself reaches that 100th birthday. But it was only 400 years ago that the first Bible was printed in English. Time is short after all. The Hamlin men will be back late Friday.

Miss Annie Laurie Johnson, a teacher in the Fort Stockton High School, spent the Thanksgiving holidays here with her parents, Mr. and Mrs. W. F. Jonson. She was accompanied by Miss Pauline Jordan, who is also a teacher in the Fort Stockton schools.

Mrs. Mac Brundage and daughter, Miss Maxine, visited her mother in Fort Worth, from Wednesday until Sunday of the past week. Mr. Brundage went to Fort Worth Saturday to accompany them home.

Mrs. A. S. McNeely of Longview, returned Tuesday to her home after a short visit here with her sister, Mrs. T. R. Tegert, chief operator at the S. W. Bell Telephone Co. Mrs. Tegert also had her parents, Mr. and Mrs. S. H. Shook and her brother, Carroll, of Sweetwater, as week-end guests.

Christmas Cheer Again Coming To Hamlin

CAMPAIGN Sponsored By:

Hamlin Chamber of Commerce
Hamlin Lions Club
Hamlin Rotary Club
Other Clubs and Churches

Last Christmas Eve Day was a time of joy for many families in Hamlin—it will long be remembered. BUT this Christmas the same good will offerings and kindly deeds will be repeated—perhaps more extensively than last year.

COMMITTEES HAVE BEEN WORKING—OTHERS TO WORK

It is no small task to carry out this Christmas Cheer idea, but with a number of willing committees thinking and working, it is already safe to say there will be the same cause for happy hearts at the Christmas Dinner Table this year in Hamlin. Everybody has a chance to get in and help.

Listen to the call of Santa Claus and do YOUR part and the whole program will go over as in the usual manner in "Friendly Hamlin."

CHRISTMAS LIGHTS ALREADY TO GREET HOMEFOLKS AND VISITORS

This Thursday afternoon, the electric current was turned into the Red, WHITE, YELLOW and GREEN colored Christmas lights that the West Texas Utilities Company men had strung the entire length of the business section. This is an annual feature as Christmas approaches, and perhaps nothing else could make the spirit of the season respond more readily. But bright lights will not suffice—it takes something else on Christmas Day and night to make one feel that they have had a Christmas—that something is to be furnished by the Good Will Committees, with the co-operation of others not on the committees. Watch, Look and Listen.

SOMETHING CONCERNING

COMMUNITY FARM ASSOCIATIONS

Anson, Texas, Dec. 3, 1935.
Editor,
Hamlin Herald,
Dear Sir:

The Community Farm Associations of Jones County are to organize and elect their officers for 1936, by December 14th. There are 50 of these associations in the County, one in each of the School Districts, whose purpose is to serve as a means of distributing Agricultural information in that community and as a social and recreational center.

These community organizations have a very important place in each community. Every man, woman, boy and girl should be a member of this organization. There are no membership fees in this organization. It is the desire that every farm member be affiliated with one of these community groups so that we might work for a better organized agricultural program in Jones County.

R. H. MAXWELL,
County Agent.

CARD OF THANKS

It may seem a little late to give his expression of thanks and appreciation to our friends in Hamlin and elsewhere, for their kindness shown when sudden death took our dear husband, son and brother, Robert B. Bull, but our time and attention has been given to finding the cause of death. We want each and everyone to know we do thank you and appreciate everything you did in that hour of sorrow.

GOOD WILL ON THE ROAD

The Holiday season is a peculiarly fitting time to emphasize the obligations of every motorist. It is of more than passive interest that the Yule tide closes that quarter of the year when automobile accidents, deaths and injuries are at an annual peak, according to the National Bureau of Casualty and Surety Underwriters. How horrible is the thought that as we approach the days when the sentiment, "Good Will to All," is glorified throughout the land, the carnage of wrecks and broken bodies is strewn more than ever over the face of our country.

A great deal has been said about the necessity of courtesy in driving as an accident preventive measure. Driving at speeds reasonable for conditions, sharing the road, pass-

ing properly, using correct hand signals, avoiding all those actions which make driving dangerous and uncomfortable for the other fellow, are the dictates of courtesy and good manners. So, too, are they dictates of the principle of the good neighbor. Good driving, with a real desire to safeguard the lives of those exposed to the consequences of that driving, is practical Christianity. It is a kind of practical Christianity that followers of all creeds can subscribe to as they join in the common rejoicing at this Christmas season.

The first concern of the churches of America is the saving of souls. By entering with whole-hearted activity into the automobile safety movement, they can extend their activity to the saving of lives, without violating their first purpose. The blot upon a soul as a result of kill-

ing or maiming another through careless or heedless action, is one not easily erased. The churches have the advantage of being able to appeal to a great section of the drivers of the country on occasions when they are most receptive to the idea of good will as a driving maxim. The good neighbor on the road could well serve as a theme for a sermon in every church at this time of the year.

So long as selfishness and stupid recklessness, so long as death and destruction exist on our streets and highways, the ideal of peace on earth, good will toward men, will command little more than lip service.—Industrial News Review.

THREE NEW R'S IN RURAL EDUCATION

A new list of three R's for rural education is given by J. H. Kolb in The Progressive Farmer as follows:

"The first is RELATIONSHIPS. Educational emphasis, clear down to elementary schools, must somehow be tuned to the current interdependence of individuals and groups. We may then discover that too much of our emphasis in the past has been toward over-exaltation of the successful individual. We are now in a period where different groups are playing more important roles. Before the American ideal of democ-

racy can be realized, a sense of interdependence, a feeling of relationships, must find its way into the objectives of our educational system.

"The second R is REFINEMENT. The trend in rural life today is toward the necessity for more self-support, more use of home talent, more dependence on local initiative. Unless rural life can be endowed with a certain type of culture through the fuller use of literature, history, drama, music, and art, it cannot hope to satisfy rural people.

"The third R is RELIGION. This must not be confused with any of the 'isms.' It is rather a means of release of the spiritual forces that are needed to give direction to progress."

THE FARMERS OF TOMORROW

One of the more interesting phases of farm co-operative work lies in the encouragement and knowledge given young farm people.

Contests are held for livestock and crops raised by these budding farmers. Instruction is given them in scientific farming, marketing and distributing. There is an opportunity that few of their forebears had.

The result of this is to better the outlook for the agriculture of the future—and to make it inevitable that the farmer of tomorrow will be a better crop scientist, a better business man, and more valuable citizen, than the farmer of yesterday.

Churches and Church Activities

CHURCH OF CHRIST

WELL ATTENDED

Good crowds attended the usual services of the Church of Christ Sunday morning and evening. Minister Holden spoke on "Martha's Choice" at the morning service and "Christ, Our Refuge" was the subject Sunday evening.

The church extends a most cordial welcome to all who are not in church attendance to come to each of the services. All other are urged to visit the meetings of worship as opportunity is present.

A special interest has been manifested in the Monday afternoon Bible class for ladies. In that meeting, a systematic study of the Bible as a Book, is the course of study.

A PLEA. If you have attended services at the Church of Christ, come, again; if you have never attended a service there come Sunday. It is a friendly church with a hearty welcome.

JONES COUNTY HOME DEMONSTRATION CLUBS

"From \$94.05 received from the sale of eggs, I have spent \$31.30 on my pantry demonstration. With this money I bought seeds, 97 feet of shelving, jars, lids and labels," said Mrs. E. T. George, Farm and Ranch Food Supply demonstrator in the Lueders Home Demonstration Club.

"I now have 1028 containers of food, 120 varieties valued at \$276.16. I have assisted non-club members in canning 1286 containers of food. Twenty-seven co-operators in my club report 15,620 containers of food preserved, valued at \$3001.31; 448 feet of shelving added, 24 recipe files and 83 non-club members assisted with some phase of home demonstration work. The co-operators were 100 per cent with their exhibits of 1 quart of green beans, 1 pint English peas, recipe files and 3 varieties of fresh vegetables at the Achievement program," said Mrs. George.

What would Christmas be like to plan and prepare a meal now," said Mrs. Collins, "especially since I have 76 varieties of fruits, vegetables, meats, etc., to choose from."

My co-operators have reported 6,280 container of food valued at \$1,216.43," said Mrs. Collins.

On the 97 feet of shelving in my pantry, built last year and this, at a cost of \$3.65, I have stored a total of 1007 container of food valued at \$249.30," said Mrs. J. J. Collins, Hawley Home Demonstration Club Farm and Ranch Food Supply Demonstrator.

It just isn't any trouble for me to plan and prepare a meal now," said Mrs. Collins, "especially since I have 76 varieties of fruits, vegetables, meats, etc., to choose from."

My co-operators have reported 6,280 container of food valued at \$1,216.43," said Mrs. Collins.

Results of the Farm and Ranch Food Supply Demonstration of the Home Demonstration Clubs

The Farm and Ranch Food Supply Demonstration came to a close, Monday, Nov. 25, when the work of these demonstrators was scored by Miss El Fleda Harrison, Shackelford County Home Demonstration Agent.

There were ten of the demonstrators who rounded out their work with a great deal of success. Each demonstrator not only provided a sufficient amount of food for their family for the year, but have stored this food in their pantries and gardens in a most successful way. In order to provide this food, these demonstrators have had fall, winter and spring gardens, hot beds, cold-frames, tile for sub-irrigation, pressure cookers and sealers and a sufficient number of chickens, cows and hogs to supplement their garden stuff with eggs, milk, butter, lard and meat.

The placing in this scoring is as follows:

FIRST — Mrs. E. T. GEORGE, Lueders, 2 in family, 1,128 containers of food, 120 varieties, valued at \$276.16.

SECOND — MRS. J. J. COLLINS, Hawley, 3 in family, 1,007 containers of food, 76 varieties, valued at \$249.30.

THIRD — MRS. C. C. BRISTOW, Noodle, 2 in family, 581 containers, 59 varieties, valued at \$83.33.

Honorable mentions were given: Mrs. A. A. Calloway, South Hamlin; Mrs. Sam Herndon, Pleasant Hill; Mrs. E. E. Clark, Avoca; Mrs. C. C. Myatt, Willow Creek.

All of these pantries together represent a total of 5,845 containers of food valued at \$1,113.99, with the co-operators in the above mentioned clubs reporting a total of 37,717 containers of food preserved valued at \$7,067.56.

All of the Farm and Ranch Food Supply Demonstrators are being asked to continue their work as Class II Demonstrators for 1936 which means they will not only keep a record of canned products but will keep records of the entire food supply.

HOME DEM. COUNCIL OF JONES COUNTY MEETS FOR LAST TIME FOR 1935

The Jones County Home Demonstration Council met for the last time for this year Saturday, November 23. Reports were given by the Committee Chairman for the years work.

Officers for 1936 were elected as follows: Mrs. Robert Manly, Willow Creek Club, Chairman; Mrs. J. W. Chandler, Liberty-New Hope Club, Vice-Chairman; Mrs. V. L. Merritt, Noodle Club, Secretary-Treasurer; Mrs. Fred Carter, Lueders Club, Reporter; Mrs. Marvin Carlton, Neinda Club, Parliamentarian.

Some of the plans for the 1936 years work were discussed. The Council is putting out their year books and plans were made for representatives to come from each club to work on these the second week in December.

It was discussed whether or not we would change the time of meeting for the Council from the fourth Saturday in each month to some other day of the week. This matter will be settled at the next regular meeting of the Council, the fourth Saturday in January.

Floydada Housewife Relieved of Acidity in 2 Days' Gordon's

Mrs. Clyde Edwards, attractive young matron of Floydada, Tex., is grateful today to the friend who started her using Gordon's Compound for her stomach. "I was bothered by gas and bloating after eating, heartburn, sour stomach, pains around my heart — all the usual distresses of acid stomach trouble," she said. "Besides, I was tired, listless, had frequent backaches and dizziness and couldn't sleep. Gordon's Compound brought me relief in two days."

Milestones of American Genius

Statue of Benjamin Franklin, erected in Boston, 1850; sculpture by Richard S. Greenough.

BENJAMIN FRANKLIN

WHEN Benjamin Franklin, at the age of seventy, reached France as America's first "good-will ambassador", the Old World saw in his energetic, versatile and charming personality a symbol of the new nation.

He still seems representative of all that is best in American character. Statesman, diplomat, author, scientist, inventor and philosopher, Franklin excelled in each of these high callings. Little wonder, therefore, that his image is so deeply impressed on our national memory, and tangible memorials to his genius are found in almost every city of our land.

Born humbly in Boston, Franklin reached the heights of achievement and world-wide esteem in eighty-four years of devoted labors. His simple, lusty, fun-loving character touched the American imagination, so that the sight of his wise and deeply human face on some public square, in the tangle and turmoil of a modern city, is heart-warming—like meeting an old friend!

By the age of forty-two Franklin had won fame through his "Poor Richard's Almanac"—still quoted after two centuries! He retired to his avocation, scientific research, making his memorable experiments with electricity and developing the lightning rod, the Franklin stove, bifocal glasses and other inventions.

But his country's need soon drew him into political life. His place among the fathers of our Republic is clear from the fact that he was the only signer of all four of the great documents that launched the American Republic—the Declaration of Independence, the Constitution, the Treaty of Alliance with France and the Treaty of Peace with England.

The memorial pictured above is one of scores throughout the country. It stands in Boston. The city in which Franklin rose from printer's devil to fame, Philadelphia, is the place of his burial. A marble slab marks his final resting place, which is a shrine revered by the nation which he helped to found.

Dress Up Your CHRISTMAS CANDIES

"Stay as sweet as you are,
Don't let a thing ever change you—"

YOU can sing the song all you like, as you cut creamy squares of fudge, or wrap Christmas caramels in waxed paper, but these good candies won't stay as sweet as they are—unless you do something about it. Sugar is temperamental. It doesn't like dampness, and in candies it doesn't like hot dry air. Christmas candies must be nicely packed away into boxes that will retain their goodness.

Smart Containers

In these days of well packed foods, however, your problem is a simple one. Consider the fruit cake which you buy in a gay, decorative tin box. It is put in this tin box so that the last wedge of cake will be as deliciously rich and moist as the first bite you tasted. Today, not only candies and cakes are available in the stores, in tin containers, but there are containers, also, for packing preserves of jellies, jams and relishes, and even for whole hams. These tin containers for ham are made in the shape of bread boxes, so that the housewife may, later, use the box for that purpose. There are also dainty little round boxes made with a knob handle on top, and designed in gay French styles, to be used for powder boxes, when the goodies which they originally hold are all gone.

Lovely Ladies and Landscapes

They are unusually pretty this year, these tin boxes. Artists have designed some of them with rural scenes in mellow sepia tones—moonlight effects, hay-making scenes, all the sort that one doesn't tire of. Others are made in pastel colors and represent French periods—lovely ladies in pompadour wigs, and men in knee breeches and buckles. They come in round, square and oblong shapes and they are made in varying sizes.

Here are some delicious candies that you can make at home, and pack in these tin boxes. They make delightful Christmas gifts.

Honey Almond Caramels: Combine one cup sugar, one-fourth cup corn syrup, one-third cup canned honey, one-half cup evaporated milk, one-half cup cream and two tablespoons butter. Cook to 246 degrees, or the firm ball stage. Add three-fourths cup of blanched almonds cut in large pieces. Let it get cold, then remove the whole slab of candy to a board and cut into squares. Wrap in oiled paper if desired. This makes one and three-eighths pounds.

Opera Creams: Caramelize one-fourth cup sugar in an iron skillet. Add one cup evaporated milk mixed with one-half cup water, and stir until all is dissolved. Add one and three-fourths cup sugar and one tablespoon corn syrup. Cook to a soft ball stage—234 degrees. Cool, beat until creamy, then knead with the hands until very creamy. Pat out in a sheet on a buttered plate and cut in squares.

Mocha Christmas Creams: Melt two squares of chocolate, add two cups sugar, add three-fourths cup evaporated milk, one-fourth cup very strong coffee and one tablespoon butter. Bring to boiling. Add one-eighth teaspoon cream of tartar. Boil to 234 degrees, being careful it doesn't burn. Cool, beat until creamy, add one-half cup chopped walnuts, and then knead in the hands. Put into a square tin, cool and cut into squares.

Rum Patties: Cook three cups sugar, one cup evaporated milk and one-fourth cup light corn syrup to 242 degrees, stirring only enough to prevent burning. Add one tablespoon butter and cool to lukewarm. Add three tablespoons rum and beat until creamy and light colored. Drop by spoonfuls onto a buttered tin, making round patties. Press a walnut meat into each patty. This makes one and one-fourth pounds.
